

Mercedes-Benz

Star Import d.o.o.

General Distributor for Daimler of Mercedes-Benz, smart, Setra and Fuso vehicles in Serbia, Montenegro, Bosnia and Herzegovina and Albania

Belgrade, 3rd March 2025

Topic: Letter of recommendation

To Whom It May Concern,

It is with great pleasure that we recommend Miloš Janković, who collaborated with us on several impactful projects and played a key role in delivering exceptional results for our organization. His technical expertise, dedication, and ability to solve complex problems have been invaluable to our success.

During his collaboration with us, Miloš made significant contributions to two critical systems:

1. **Vehicle Stock Management System:**

Miloš designed and implemented a centralized system for managing vehicle inventory across four countries. This platform enabled dealers to efficiently track vehicle statuses (en route, available, or sold) and provided valuable performance and stock analytics for internal teams, greatly enhancing operational efficiency.

2. **Online Showroom:**

He also developed a multilingual online showroom platform, supporting four languages and serving multiple countries. This system allowed customers to seamlessly browse available vehicles, explore features, and make inquiries, significantly enhancing customer engagement and the company's digital presence.

Throughout these projects, Miloš demonstrated exceptional problem-solving skills, attention to detail, and the ability to manage complex requirements. His proactive communication and strong collaboration with our teams ensured the success of these initiatives.

We highly recommend Miloš for any future opportunities. His expertise, professionalism, and commitment to excellence make him a valuable asset to any organization.

For further information, please feel free to contact us at Danijel Begovic, danijel.begovic@starimport.rs or Ozren Đurašević, ozren.djurasevic@starimport.rs.

Sincerely,

Danijel Begovic
